

Celebrating 20 years

CHIEF MATES

BaySail, based in Bay City, Michigan, is currently seeking licensed Chief Mates to serve aboard the schooners ***Appledore IV*** and ***Appledore V*** for the 2019 Great Lakes season. Both vessels will be executing demanding schedules delivering educational programming, public tours and charters, and travelling to various ports as part of the 2019 Tall Ships Great Lakes Challenge.

Applicants must hold a minimum of a USCG 50 ton masters license with sail auxiliary endorsement and be willing to be enrolled in our random drug screening program. The Chief Mate's duties will include watch leading, oversight of all shipboard safety and procedure, training of both students and crew, and engaging with the public during daysails and charters both while operating from Bay City and other ports during the festival tour. This is an excellent opportunity for the right people to continue to grow their skills and experience toward future captaincies.

These positions are seasonal/fulltime and live aboard. Contracts will run from 1 April to 31 October for *Appledore IV*, and from 28 April to 30 September for *Appledore V*.

Interested applicants are encouraged to send a resume and cover letter to Capt. Jesse Doucette at marineops@baysailbaycity.org.
