## DECKHANDS

BaySail, based in Bay City, Michigan, is currently seeking deckhands to serve aboard the schooners ***Appledore IV*** and ***Appledore V*** for the 2019 Great Lakes season. Both vessels will be executing demanding schedules delivering educational programming, public tours and charters, and travelling to various ports as part of the 2019 Tall Ships Great Lakes Challenge.

Though sailing experience is helpful, it is not essential as the available positions are an excellent opportunity for people interested in working on the water while learning the skills and arts of traditional schooner sailing. Applicants must be hard working, eager to learn and willing to enroll in our random drug screening program. Duties will include watch standing, performing the stations of the safe navigational watch, sail and line handling, and assisting in delivering our educational programming to our students and guests.

These positions are seasonal/fulltime and live aboard. Contracts will run from 1 April to 31 October for ***Appledore IV***, and from 28 April to 30 September for ***Appledore V***.

Interested applicants are encouraged to send a resume and cover letter to Capt. Jesse Doucette at [marineops@baysailbaycity.org](mailto:marineops@baysailbaycity.org).
